Tax Rate—$1.45.
Bonded Indebtedness—$516,000.
Public Libraries—1, with 25,526 volumes.
Banks—2 commercial banks, 2 building & Loan associations.

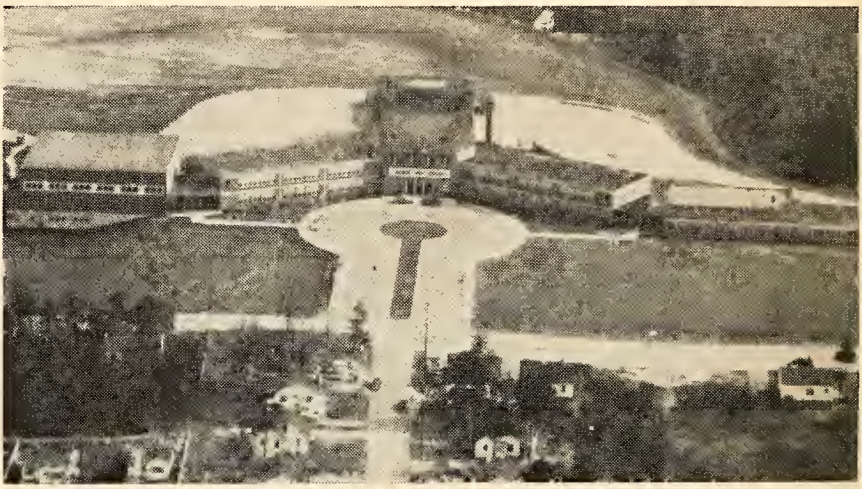
Aerial View of Marion, North Carolina

### LOCATION OF CITY

Marion is located in the foothills just east of the Blue Ridge Mountains in Western North Carolina equidistance between Asheville and Hickory. It is only an hour's driving time from the city to many scenic wonders of the Southern Highlands. It is the trade center of McDowell

799375

County and surrounding area with a fine network of highways leading to and from the city. Bus lines, truck lines and railroads radiate in every direction from Marion, connecting it with principal cities of North Carolina and the entire country.



Marion Senior High School

## SCHOOLS

The city's Senior High School is housed in a new $1,000,000 plant. Marion also has one Junior High School, six elementary schools and one colored union school, enrolling students in grades one through twelve.

## POPULATION

Marion has a population of 3,345 (1960 Census). Federal census figures do not give an accurate picture of the Greater Marion area because the city has limits of less than one mile radius and a number of large industrial plants and many homes are located outside the area within 3½ miles of the city's radial point. Greater Marion has a population of approximately 13,500. 1960 census shows 26,742 people in McDowell County.

## RAILROADS

The Southern Railway System and Clinchfield Railway Company are the two main line railroads serving Marion, with connections to all points.

## HIGHWAYS

Marion is located on U. S. Highway 70 east and west, on U. S. Highway 221 north and south, Inter-Regional Hwy. 40 east and west, North Carolina State Highways 26, 126, 9 and 80. In the Highway System of North Carolina, Marion is the gateway from east to west. It is the hub to the system in the mountain sections.

## BUS SERVICE

Three bus lines operate through the city on many schedules each day. A bus terminal is provided for these operations. They are — At-

lantic Greyhound Lines, Carolina Scenic Stages and Queen City Coach Company.

## RECREATIONAL FACILITIES

Lake James, one of the largest lakes in North Carolina, is located four miles east of Marion. This lake has 154 miles of shore line and attracts fishermen and water sportsmen from many states. Lake James affords swimming, fishing, water skiing and boating.

The City of Marion has a new 30 acre Recreation Park under construction at the present time which will include tennis courts, picnic areas, swimming pool and a children's playground.

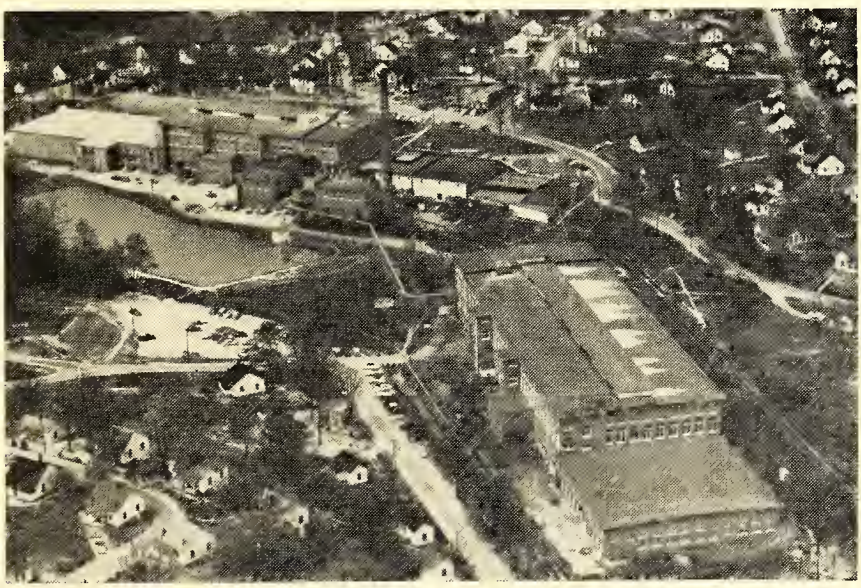
The fabulous Blue Ridge Parkway skirts McDowell County on the north and is only a 30-minute drive from Marion. The Parkway is miles of mountain-top driving with no billboards or commercial travel. It maintains parking overlooks, picnic areas and comfort stations along the route and is easily accessible from Marion via U. S. 221, 70 and N. C. Highways 26, 26A and 80.

## CLIMATE

Marion has ideal weather which prevails year 'round. The Summers are long and warm but not attended by oppressive sultry periods. The Winters are short and mild. The average temperature is 59.9 degrees. The average July temperature is 76.1 degrees.

## HOTELS

Marion has two hotels. There are also seven motels and tourist courts in or near the city.



Clinchfield Manufacturing Co.—Marion's Largest Industry

## NEWSPAPERS

Marion's semi-weekly newspapers, The McDowell News, published on Monday and Thursday, carries full coverage of local and county news. It enjoys a wide circulation throughout the county and surrunding area.

## LAKE JAMES

Water sports are not limited to Cypress Gardens in Florida. Local Marion citizens and visitors enjoy Lake James practically year 'round, and to most residents fishing is second nature in this beautiful mountain lake.

## HOSPITAL

Marion has a 60-bed hospital which was completed in 1952 at a cost of $700,000 and is one of the most modern units of its size in the United States. A 35-bed Nurses Home was completed in 1953 at a cost of $100,000.

## CHURCHES

There are 21 churches in the Greater Marion area representing nine denominations including the Catholic faith.

## MOTOR FREIGHT LINES

Marion has three common carriers with terminals for pick up and discharge of local and long distance freight. They are — Fredrickson Motor Express Corporation, Johnson Motor Lines, Inc. and Overnite Transportation Company. Irregular carriers from over the country serve Marion and McDowell County.

## AIR TRANSPORTATION

Marion has airport facilities to accommodate private planes, with a 3,600 feet grass runway which is used year 'round with runway lights for night flying. It has one 60 x 60 hangar, and gas and oil are available on request. Regular air line service is available in Asheville and Hickory, 40 miles west and east respectively with a total of 20 flights daily.

## RADIO

There is one radio station serving Marion, WBRM, 1000 watts, 1250 kilocycles, and is an independent station.

## CLUBS AND ORGANIZATIONS

Marion has a Rotary Club, Kiwanis Club, Civitan Club, Lions Club, Junior Chamber of Commerce, Woman's Club, Parent-Teacher Association, various fraternal organizations, Boy Scouts, Girl Scouts, a number of garden clubs and charity leagues.

## HISTORY

Marion was founded in 1843 and was named in honor of General Francis Marion, the "Swamp Fox" of South Carolina, whose name and fame have been immortalized in song and story.

## ELECTRIC POWER

Electrical power is distributed in the city and county by Duke Power Company with a plentiful supply available in this area at all times. Duke has an installed capacity as follows: Hydro—497,273 kilowatts, Steam—2,235,000 kilowatts.

## WATER

The City obtains its water supply from two water sheds located in the Pisgah National Forest, which is pure at its source and does not require any treatment with the exception of chlorination. These two sheds provide daily capacity of 1,500,000 gallons, and average daily consumption is 1,250,000 gallons. It is entirely a gravity system with adequate pressure to every point both inside and outside the city.

Marion has recently completed construction of one of the most modern filtration plants in the state which is operated from a separate water shed with a capacity of 2,000,000 gallons per day and is used as a supplement to the gravity system.

## INDUSTRIES

The major industries in Marion at the present time are as follows: a cotton thread finishing plant, several large textile plants, a paper box plant, two large furniture plants, one knitting plant, a number of hosiery mills, a bottling plant and several lumber mills.

Employer-employee relations in Marion and McDowell County are second to none in the United States. An excellent highway system permits easy access to labor coming from nearby towns.

# Marion, North Carolina

VOL. V 1961 - 1962 VOL. V

NOTE—Patronize those whose names are in large type, for they are the progressive ones, and generally leaders in their line.

☞ Index appears in front of special business headings only, for which an extra charge has been made.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

## —OF—

# Marion, North Carolina

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE AND DENOTING BUSINESS PLACES

VOL. V 1961 - 1962 VOL. V

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(•)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

PUBLIC SERVICE
ENTERTAINMENT

# This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**
